

American-Lincoln®

SC7750 Rider Sweeper/Scrubber

Bringing You Performance Uncommon to Rider Cleaning Equipment

The SC7750 removes dirt, grease and grime, as well as loose debris eliminating the need for a separate sweeper. It leaves your facility with a clean, dry floor surface. This high performance sweeper/scrubber makes quick work of your toughest cleaning tasks.

Rugged Features Designed to Last:

- Heavy duty hydraulic drive and power steering for trouble-free operation
- Front bumper withstands 5 mph impact without damage to machine or walls
- Accu-Track™ swing squeegee with break-away feature leaves floors clean and dry
- Durable steel, 10-cubic-foot debris hopper performs even in the toughest environment

A Machine Designed to Meet Your Needs:

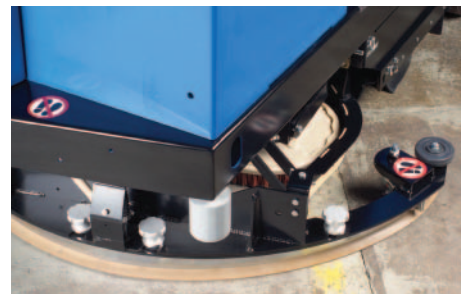

- 46 or 53 inch cleaning path gets the job done fast
- 70-gallon solution and recovery tanks so you spend more time on the floor cleaning
- True independent sweeping and scrubbing removes the need to clean-out wet, messy debris trays
- Ergonomic operator's compartment designed for fatigue-free operation

800 AH battery on battery model can be quickly changed with optional roll on roll off system.

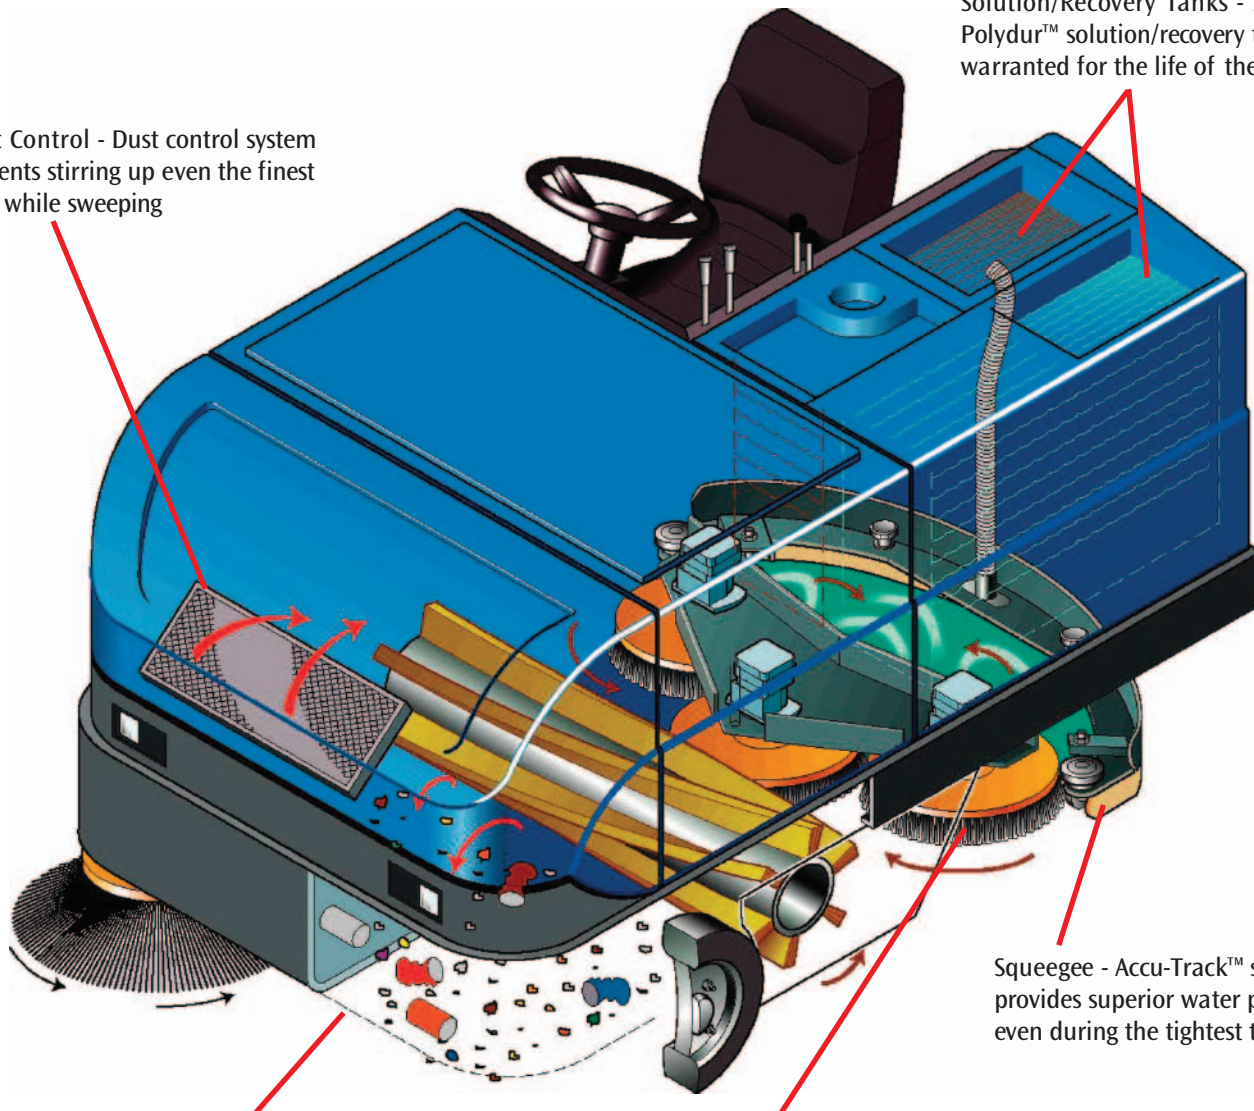

Scrub brushes can be easily changed in five minutes without any tools.

Accu-Track™ squeegee provides superior water pickup even during the tightest turns.

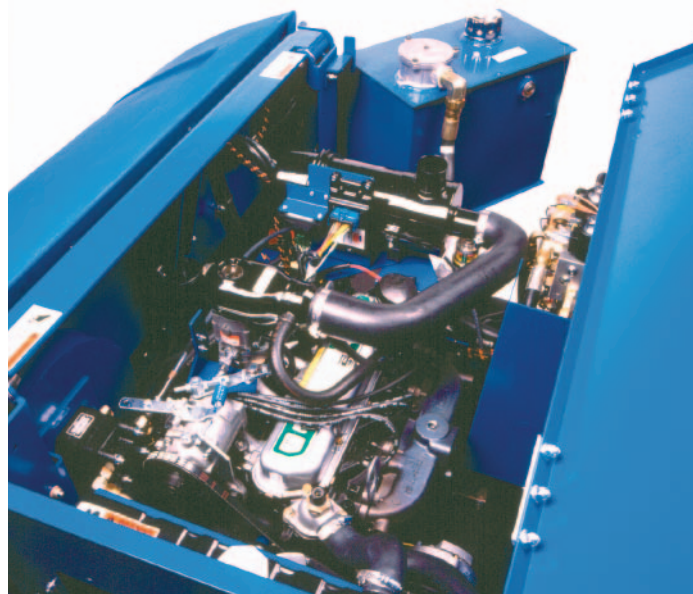

Dust Control - Dust control system prevents stirring up even the finest dust while sweeping

Solution/Recovery Tanks - 70 gallon Polydur™ solution/recovery tanks are warranted for the life of the machine

Sweeping System - True sweeping system with variable dump hopper picks up dirt and debris before scrubbing

Brushes - Easily change brushes in 5 minutes with no tools

Models available with Ford EFI gas, LP or Mitsubishi diesel engines to meet your power needs. Engines meet EPA requirements through 2007.

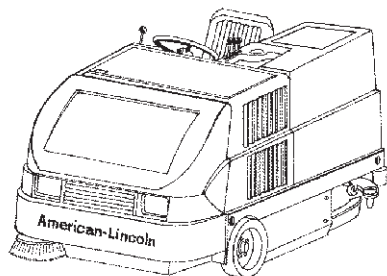

Hopper dumps into a container at any height up to 60 inches (152 cm) removing the need to clean out wet, messy debris trays.

SC7750

American-Lincoln®

Rider Sweeper/Scrubber

KEY FEATURES

- Can be configured to your facility size and scrubbing requirements
- Wide cleaning path to increase productivity
- Large capacity solution and recovery tanks for longer scrubbing between refills
- Heavy duty brush drive motors provide aggressive scrubbing

SPECIFICATIONS

Scrubbing Path	46 or 53 in. (116.8 or 134.6 cm.)
Sweeping Path	54 in. (137 cm.)
Solution / Recovery Tanks	70 gal. (265 l.) each
Hopper Capacity	10 cu. ft. (283 l.)
Vacuum Fan (battery units)	2 Electrically driven 3-stage, .75 hp
Vacuum Fan (gas/LP/diesel)	Hydraulically driven
U-turn Aisle Width	110 in. (279 cm.)
Dust Filter	78 sq. ft. (7.2 sq. m.)
Main Broom	45 in. (114 cm.)
Side Broom	21 in. (53.3 cm.)
Brushes (3)	16 in. or 18 in. (40.6 or 45.7 cm.)
Engines	63 hp Ford EFI gas or LP / 37 hp Mitsubishi diesel
Battery Power Supply	36 Volt, 800 AH Battery
Dimensions (L x W x H)	102.5 x 55 x 55.5 in. (260 x 139.7 x 147 cm.)
Height with Overhead Guard	78.75 in. (200 cm.)
Weight Gas Unit	2,900 lbs. (1,315 kg.)
Weight Battery Unit w/o Battery	2,600 lbs. (1,182 kg.)

WHO USES THIS MACHINE?

- Manufacturing plants
- Food warehouses
- Discount warehouses
- Parking garages
- Automotive plants

WHAT ENHANCES ITS PRODUCTIVITY?

- Hydraulic systems and power steering
- Large solution/recovery tanks for longer floor time between cleanups
- Large debris hopper and dust collection filter
- Variable height dump system

WHAT ARE THE SAFETY FEATURES?

- Rack and pinion power steering for better handling
- Hopper safety arm
- Excellent line-of-sight from operator's compartment

WHAT DOES IT DO BEST?

- Independent sweeping and scrubbing for a clean floor
- Dries floor even on tight turns
- Reduces fatigue with ergonomic operator's compartment
- Provides more productivity and less downtime because of low maintenance

WHAT ADDS TO ITS DURABILITY?

- Heavy gauge welded steel chassis with 5 mph bumper
- Rear corner roller bumpers
- Heavy-duty hydraulic system backed by three-year warranty
- Accu-Track™ break-away squeegee
