Filter bag S 20 (10-pack)	020.430

Fits on a maid's cart.

Round design, ergonomic handle and built-in cord wrap

S 10

The compact design, powerful vacuum performance and low noise level make the S 10 a very user friendly machine, ideal for noise sensitive areas. This power unit is equipped with 5 casters for stability and maneuverability. A full range of attachments allows for seamless cleaning of all surfaces.

Filter bag

5 casters for stability and maneuverability

Maneuverable with high performance.

S 20

This vacuum cleaner provides the same powerful performance and handling features as the S 10. The larger capacity makes the S 20 ideal for commercial applications.

S 10 and S 20: Slide-in vacuum hose cuff

Various attachments

Low profile design
20"

SW 15

SW 15

Practical, compact and robust wet/dry vacuum unit with a full range of attachments. Ideal for small areas and tight spaces.

Compact and powerful.

SW 20

This high-performance wet/dry vacuum is ideal for medium size areas. Low balance point and 5 casters provide stability and maneuverability.

Large pan filter

SW 20

For the cleaning professionals

SW 25 KW with tipping dolly

With its high vacuum capacity the SW 25 KW copes professionally and reliably with industrial surfaces. The dolly allows the tank to tip backwards for easy emptying. Easy transportation with built-in stair climbers.

SW 25 KW

Easy draining with tipping dolly

Technical Data:	SW 25 KW
Total power max.	1100 watts
Waterlift	79"
Capacity	7 gal.
Power cord	25 ft.
Weight	27 lbs.
Dimensions (L/W/H)	23"/16"/33"
Sound level	70 dB

Heavy-duty and capacity.

Special accessory	Order No.
Filter bag SW 25 KW / SW 50 (10-pack)	020.430
Filter Bag (nylon) for wet pickup in SW 50	026.950
Front mount squeegee	2012250
Mounting plate for #2012250 at SW 50	026.430

SW 50

This wet/dry vacuum cleaner is specially designed for heavy-duty, commercial use. The recovery tank can be drained by tilting the tank backwards or by using the drain hose. Two larger rear wheels and front casters make the SW 50 very maneuverable. Robust roto-mold housing for great durability.

SW 50

Technical Data:	SW 50
Total power max.	1100 watts
Waterlift	79"
Capacity	13 gal.
Power cord	25 ft.
Weight	44 lbs.
Dimensions (L/W/H)	30"/19"/36"
Sound level	70 dB

Light-weight and very quiet.

Cleaning in corners and hard to reach areas

Perfect for upholstery cleaning

Hose attachment - left or right hand use
