

Cleanfix Carpet Care Program

Simply clean.

The exceptional Ostrich

This self-contained carpet extractor is designed to address all carpet cleaning needs from maintenance cleaning to deep cleaning to spot removal. The OSTRICH features forward and reverse cleaning action with the same effectiveness in either direction. The pile lifting character of the brush ensures thorough cleaning of carpets and provides for an effortless operation.

Increase
productivity
by 33%

The Pelican QuadVac

combines the power and cleaning performance of a truck-mount with the flexibility of a portable machine. Four(!) vacuum motors generate the enormous airflow of 280 CFM. With the optional auto-fill and auto-drain feature and adjustable chemical metering, the Pelican QuadVac is a true alternative to a truck-mount and the ideal solution for high-traffic areas.

The versatile Sparrow

This powerful spotter with wheels and a slide-out handle offers convenient operation and transportation. With two built-in cupholders for spray bottles the Sparrow delivers performance on the spot.
