

# Voyager™

Battery and Cord-Electric Carpet Extractors

*The Voyager Series combines superior maneuverability with the industry's largest tank capacity for more productive large area carpet cleaning.*

- 40 gallon solution capacity allows non-stop operation for a full hour between refills
- 23 inch cleaning path for greater productivity
- Cord-electric for continuous operation or battery powered for added productivity
- Powerful vacuuming system provides faster drying times

  
**WINDSOR®**  
*Dependability*

# Deep Clean Faster

The Voyager™ 2 battery-powered and Voyager™ E cord-electric carpet extractors break the clean barrier. Effective, one-pass cleaning and easy operation makes the Voyager Series the best choice for large area carpet cleaning.

## Hardworking and Versatile

The Voyager Series offers the industry's largest tank capacity. The 40 gallon solution and 35 gallon recovery tanks provide over an hour of productive cleaning without the need for refills.

Voyager's low-moisture, high-speed settings leave carpets dry, eliminating the need for outdated bonnet buffing or dry foam methods.

The Voyagers easily convert into large-capacity tank extractors by the flip of a switch. Accessory tools provide powerful, efficient cleaning for small areas.

## Easy Operation

The Voyager Series is designed to be an operator's best cleaning partner. Fingertip controls are easy to understand and a fully adjustable handle makes the operator more comfortable. The contoured design makes it easy to see while maneuvering around obstacles in tight areas and the four-wheel stance improves weight distribution for greater stability and safety.

The variable cleaning speed provides effortless control for interim or restorative cleaning.

## Maintenance Made Simple

The Voyager Series is simple to maintain. Simply lift the solution tank forward and you have full access. The solution manifold releases easily and slides out for cleaning. The convenient location of the tank drain hoses makes quick work of emptying the tanks.

## A Voyager to Fit Your Needs

The **Voyager E** provides 24 hour a day cord-electric performance. It can easily be transported between facilities.

The **Voyager 2** offers the convenience of cord-free operation for fast large area carpet cleaning.

The unique Battery Exchange System of the Voyager 2 assists operators in installing fresh batteries effortlessly and safely with the battery cart.

## Performance Features

- **Adjustable handle** is padded for greater operator comfort.

- **Large, clear dome and solution hose** allow operator to easily monitor solution levels.

- **The storage bin** on the Voyager E conveniently stores accessory items.

- **Removable spray bar** with three quick-change jets for simple maintenance.

- **The Battery Exchange System** makes battery changing easy on the Voyager 2.

## Battery and Cord-Electric Carpet Extractors

### Technical Specifications

	<b>Voyager Battery</b>	<b>Voyager Cord-Electric</b>
<b>Model Number:</b>	VGR2	VGRE
<b>Construction:</b>	Powder-coated steel chassis. Rotationally-molded polyethylene tanks	Same
<b>Vacuum Motor:</b>	Two, 3 stage, 1.3 hp (970 watts), 74" (188 cm) of waterlift, 152 cfm (4.25 m <sup>3</sup> /min)	2 hp (1492 watts), 117" (297 cm) of waterlift, 99 cfm (2.28 m <sup>3</sup> /min)
<b>Solution Pump:</b>	100 psi, diaphragm style, demand pump	Same
<b>Brush Motor:</b>	0.4 hp (298 watts)	Same
<b>Brush:</b>	23" (58.4 cm)	Same
<b>Drive System:</b>	Chain drive	Belt Drive
<b>Drive Motor:</b>	1/4 hp (186 watts) DC, variable forward and reverse	Same
<b>Cleaning Speed:</b>	Variable speed, 0–180 ft/min (54.9 m/min)	Variable speed, 0–100 ft/min (33 m/min) forward
<b>Cleaning Rate:</b>		
<b>Interim</b>	14,000 square feet per hour (1301 m <sup>2</sup> /hour)	10,500 square feet per hour (976 m <sup>2</sup> /hour)
<b>Restorative</b>	4,200 feet <sup>2</sup> /hour (390 m <sup>2</sup> /hour)	Same
<b>Solution Capacity:</b>	40 gallons (151 ltr)	Same
<b>Recovery Capacity:</b>	35 gallons (132 ltr); electronic float shut-off	Same
<b>Brush Speed:</b>	1000 rpm	Same
<b>Vacuum Shoe:</b>	28" (71 cm) wide, cast aluminum	Same
<b>Electrical System:</b>	36 volt	120 volt, 15 amp
<b>Batteries (Optional):</b>	Three, 12 volt deep cycle, 185 A/H	N/A
<b>Battery Charger (Optional):</b>	Fully automatic, 20 amperes (36 volt)	N/A
<b>Power Cable:</b>	N/A	75' (23 m) 12/3 vinyl covered, detachable
<b>Solution Spray:</b>	Removable ABS manifold with 3 quick change jets	Same
<b>Wheels:</b>		
<b>Front</b>	Two, 10" (25 cm) wheels	Same
<b>Rear</b>	Two, 4" (10 cm) casters	Same
<b>Weight:</b>		
<b>Without Batteries</b>	282 lbs (128 kg)	Same
<b>With Batteries</b>	628 lbs (285 kg)	N/A
<b>Dimensions (LxWxH):</b>	60" (152 cm) x 30" (76 cm) x 43" (109 cm)	Same
<b>Sound Level:</b>	78 dBA	81 dBA
<b>Warranty:</b>	Windsor Three Year Protection Plan	Same

#### Battery Exchange System

<b>Part Number:</b>	VXK. Includes two battery carts (part # VCT), extra tray and battery cables. Requires optional set of three, 12-volt deep cycle, 185 A/H batteries.
<b>Construction:</b>	Welded, powder-coated steel, two 4" (10 cm) non-marking casters, two 4" (10 cm) non-marking wheels
<b>Dimensions (LxWxH):</b>	33" (84 cm) x 15.5" (39 cm) x 36" (91 cm)
<b>Weight:</b>	36 lbs (16 kg)
