

INDUSTRIAL

KMR 1700 B Lpg 55" Gas/Lpg Operated Sweeper Designed for tough applications with high dump

For heavy-duty applications with a water-cooled industrial engine.

The KMR 1700 B has been specially developed for sweeping large outdoor areas and is capable of sweeping on gradients of up to 25% thanks to its dual-fuel, 3 cylinder, water-cooled Kubota engine that runs off of standard gasoline or liquid propane gas. The KMR 1700 features a hydraulic sweeping system that automatically compensates for wear and uneven surfaces and utilizes a quick-change chevron roller brush as well as an automatic filter cleaning system that extends the life of the 99.9% efficient washable polyester filter. The 68 gallon /300 liter (dry volume) steel refuse container coupled to the hydraulic lift for easy unloading and dumping into municipal waste containers.

Patented Dust Filter:

Water-resistant synthetic pleated filter is 99.5% efficient and has a long service life.

Liquid Cooled Engine:

Easy to obtain service, economical parts replacement. Pushbutton conversion from gas to Lpg.

Self-Propelled Forward and Reverse:

Strong hydraulic drive system, variable speed controlled by foot pedal up to 10 mph.

Low Down-Pressure Floating

Main Broom: Self-adjusts to surface conditions for superior sweeping and less broom wear.

Side Broom Control:

Control knob lowers/raises side broom rotation speed.

Lever Activated Litter Gate:

Opens sweeping chamber to accept larger debris.

68 gallon (dry) / 300 litre refuse container

Comfortable cockpit with easy to operate controls.

Hydraulic Hopper Dumping:

Operators do not have to manually empty debris hopper!

TECHNICAL DATA:

Part Number	1.186-106.0
Drive	Kubota Engine
Cleaning Path	55"
Container Capacity	10.6 ft ³
Sweeping Speed	6.2 mph
Filter Area	97 ft ²
Sweeping Method	Dust Pan
Hopper Size	79.2 gallons
Productivity (max)	150,000 sq. ft. per hour
Dimensions (L x W x H)	90.9" x 59.4" x 56.2"
Weight	2689 lbs

Standard Accessories (included):

Standard Main Broom
Standard Side Broom
Cylindrical, High-Performance Dust Filter

Optional Accessories:

Soft Main Broom - For fine dust
Hard Main Broom - For heavier objects
Hard Side Broom
Steel Bristle Side Broom - For weeds, etc.
Weather Cab
