

VU200

A new formula for a quick clean

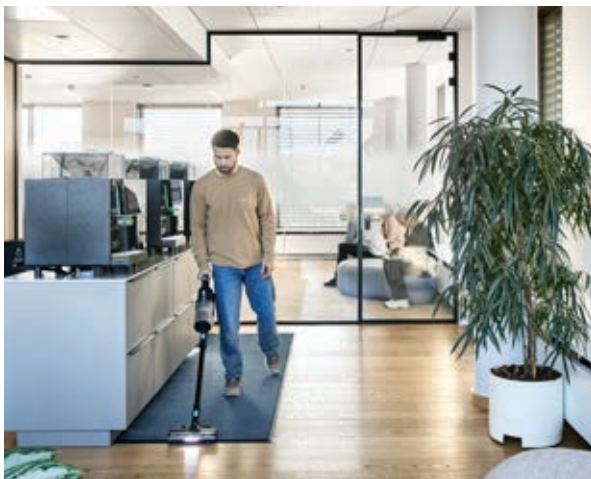

**NILFISK**

# Spot it, got it!

Performing 25 to 40 quick cleans day in and day out is time-consuming – what you need is easy. We'll give you easy!

Say hi to the VU200, our cordless stick vacuum that lets you clean comfortably and quickly without interrupting your workflow. This tool does not mess around; it goes straight to business. Spot it, got it!

**Suitable for both hard floors and soft floors** to streamline your cleaning process

**The prefilter for rough dust and the anti-allergy HEPA 14 filter retains 99.99% of airborne particles,** ensuring a healthier and safer working environment

**The ergonomic handle avoids injuries and strain,** while the compact size and the slim accessories enable you to clean even hard-to-reach areas comfortably

**No plug or cord to trip over, this cordless stick vacuum runs on a Lithium battery –** a battery- and charger kit makes it easy to swap and recharge

# Straight-up cleaning efficiency

The VU200 is easy to use. Easy to grab, easy to empty, and easy to interact with. Colored touchpoints allow an intuitive understanding of what to interact with, and when the container is full, you simply open the lid and empty it. No bags are needed.

## A quick stick Stick to quick

Unfolding a cord every time you spot a mess is way too time-consuming. To smoothen your workflow, you don't need a plug; stick to quick instead! For extended uptime, the VU200 runs on an easily swappable and quickly rechargeable Lithium battery.

## Top features and benefits also include

- A unique, ergonomic handle designed for comfortable use no matter the task
- Certified for professional use, the VU200 features a powerful motor and durable construction, providing reliability
- Three different modes to adapt to your cleaning needs: Eco-mode, standard mode, and turbo mode for efficient cleaning
- Lightweight and convenient design for easy transport

### Technical specifications

Description	Unit	VU200	Battery and charger
Voltage/Frequency	V/Hz	100-240/50-60	100-240/50-60
Protection class / IP protection		II / IP20	II / IP20
Rated Power	W	550	66
Suction Power (end of tube)	W	170	-
Airflow (end of tube)	cfm	34	-
Vacuum at nozzle	kPa	20	-
Sound power level (IEC 60335-2-69)	dB(A)	≤82/2	-
Sound pressure level (IEC 60335-2-69)	dB(A)	≤76/2	-
Dust bin capacity	gal	0.26	-
Battery type		Lithium-ion	Lithium-ion
Battery run time Eco/Normal/Turbo	min	60/25/12	-
Charging time	min	110	110
Main filter type		HEPA 14	-
Weight	lbs	6.6	3.1
Dimensions (LxWxH)	in	10x8.9x49.4	7.4x4.4x8.3
Nozzle width	in	10.0	-
