DIRTY FLOORS FEAR THIS POWERHOUSE

Cover more ground, faster with incredibly productive ride-on scrubber.

Dirt does not stand a chance.

Eliminate soils fast with several productive scrub deck options for the B 250. It is built on a robust tubular steel frame to handle even the toughest operating conditions. We know that if you are looking at a machine this size you want ultimate productivity so we include large batteries and a huge solution tank to ensure long run times. The intuitive one-dial control and large color LCD screen make this beast of a scrubber surprisingly easy to use.

1 Calling this machine productive is an understatement

- Best in class practical productivity of up to 48,440 ft²/hr
- The brush deck is available in two widths to suit any need
- Save time and avoid pre-sweeping with optional integrated side brooms

2 Easy-to-use and easy-to-drive

- The short wheelbase and narrow body ensure great maneuverability for a machine of this size
- Simple to drive, one-dial operation
- No intensive training required
- Operators will appreciate the comfortable seat during long shifts

3 Maintenance is a breeze

- Tool-free brush removal
- With the automatic filling system, other tasks can be carried out while the tank automatically fills itself

4 Get it done in less time

- Long runtimes in standard mode
- Ecoefficiency mode for even longer runtimes and less chemical consumption

5 Designed for the real world

- Integrated brush head impact protection for durability
- Color coded controls makes training easy
