

STEALTH™

SERIES AUTOSCRUBBERS

QUIET & FAST
TECHNOLOGIES

BETCO®

Revolutionary Technology

Betco® STEALTH™ Series of automatic scrubbers are “The World’s Quietest Automatic Scrubbers”. They utilize Betco’s exclusive Noise Reduction Technology and are 4x quieter than other automatic scrubbers. The increased speed with lower water consumption and extended run time equals unmatched productivity. These simple to operate scrubbers are easy to maintain, clean and sanitize. The Betco STEALTH™ Series delivers all the increased productivity without all the cost.

QUIET & FAST

STEALTH WALK BEHIND SCRUBBERS

- Adjustable traction drive control offers infinite speed settings (All BT Models).
- Easy to read gauge and meter indicating real time machine status.
- Finger-tip forward and reverse delivers ultimate handling.
- Recovery tank design ensures complete drainage for maintenance and cleaning.
- Touch button pad driver engagement on all single disk models.
- Squeegee lift lever simplifies operation.
- Tool free squeegee maintenance.

ECO-Mode reduces power consumption and reduces sound to only 54 decibels (ASD20BT & ASD26BT)

Pad driver installation and removal with the push of a button (ASD20B & ASD20BT)

Exclusive Noise Reduction

STEALTH™ Noise Reduction Technology (NRT) dramatically reduces machine noise. NRT eliminates noise pollution with a double sound insulated, acoustically engineered, 3-stage vacuum motor delivering quiet reliable performance. This quiet system delivers sound pressure levels of 58 dBA or less, well below the limit of 80 dBA... that's four times quieter than the competition. Day cleaning becomes a reality when using the Betco STEALTH™ Series Automatic Scrubbers.

THE ONLY THING YOU'LL NOTICE IS CLEAN FLOORS

STEALTH CYLINDRICAL SCRUBBERS

Debris Collection Bin

Cylindrical Scrub Deck

- Sweep and scrub in just one pass.
- Twin brushes operate at up to 800 RPM, ideal for textured and grouted surfaces.
- Simple operator controls and easy maintenance.
- Tool free squeegee maintenance with 4-sided squeegee blades.
- Finger-tip forward and reverse delivers ultimate handling.

Newest Scrubber Technology

The leader in quiet STEALTH™ technology just made cleaning even quieter and more productive. The STEALTH™ DRS21BT cleans 35% faster than walk behind scrubbers while maintaining the smallest footprint ever for a riding scrubber. Even better, the exclusive ECO MODE feature will reduce energy consumption and lower the operating sound to only 54 dBA! The STEALTH™ DRS21BT raises the bar for productivity and quiet operating technology.

NEW STEALTH™ DRS21BT MicroRider™

QUIET & FAST

STEALTH DRS21BT RIDING SCRUBBER

- 35% more productive than walk-behind models.
- ECO MODE operation reduces energy consumption, operates at only 54 dBA.
- Smallest profile ever for a riding scrubber, easily maneuvers between obstacles.
- Larger capacity tanks than walk behind scrubbers.
- Built-in filling hose allows filling from any standard sink fixture.
- One-touch electric brush engage and disengage system.
- Tool free squeegee maintenance with 4 sided squeegee blades.

Exclusive Eco Mode

Pad driver installation and removal in one easy step

Maximum Productivity

The STEALTH™ DRS26 and DRS32 finally make large area day cleaning a reality. With productivity up to 55,000 square feet per hour and up to four hours of run time, these machines are designed to tackle the largest facilities. A one-touch Intelligent Drive control system delivers simple and reliable operation. Maximum productivity with minimum sound, STEALTH™ DRS26 and STEALTH™ DRS32.
