

7200

Battery-Powered Riding Scrubber

- Just-scrubbed floors immediately clean, dry and safe for traffic with FaST™ foam cleaning technology
- High versatility enabling daily cleaning across a wide variety of environments
- Quiet, fume-free operation for cleaning in noise–and environmentally–sensitive areas

The Safe Scrubbing Alternative®

Industrial-strength cleaning performance from a versatile, compact riding scrubber

The 7200 battery scrubber delivers superior cleaning results down aisles, around corners, and even in tight spots with legendary Tennant durability and reliability.

Quiet, fume free performance

Over 3 hours of quiet battery-powered run-time, means the 7200 cleans in even the most noise-sensitive environments.

Low maintenance, worry-free operation

Superior engineering provides maximum up-time and worry-free operation to keep the 7200 operating efficiently for the life of the machine.

Increased productivity with innovative FaST

With so little water required to create high-performance FaST foam, operators clean up to three times long between empty/fill stops.

MUST-HAVE OPTIONS

Sweep and scrub with one machine

Choose the optional sweeper attachment with dust control for efficient, effective pre-sweeping.

Improved tank clean-out

With the positive drain control, empty the recovery tank quickly and easily with more control over where the recovered water flows.

Extend your cleaning reach

Add an optional off-aisle power wand with a 10' hose for greater flexibility in hard-to-reach areas.

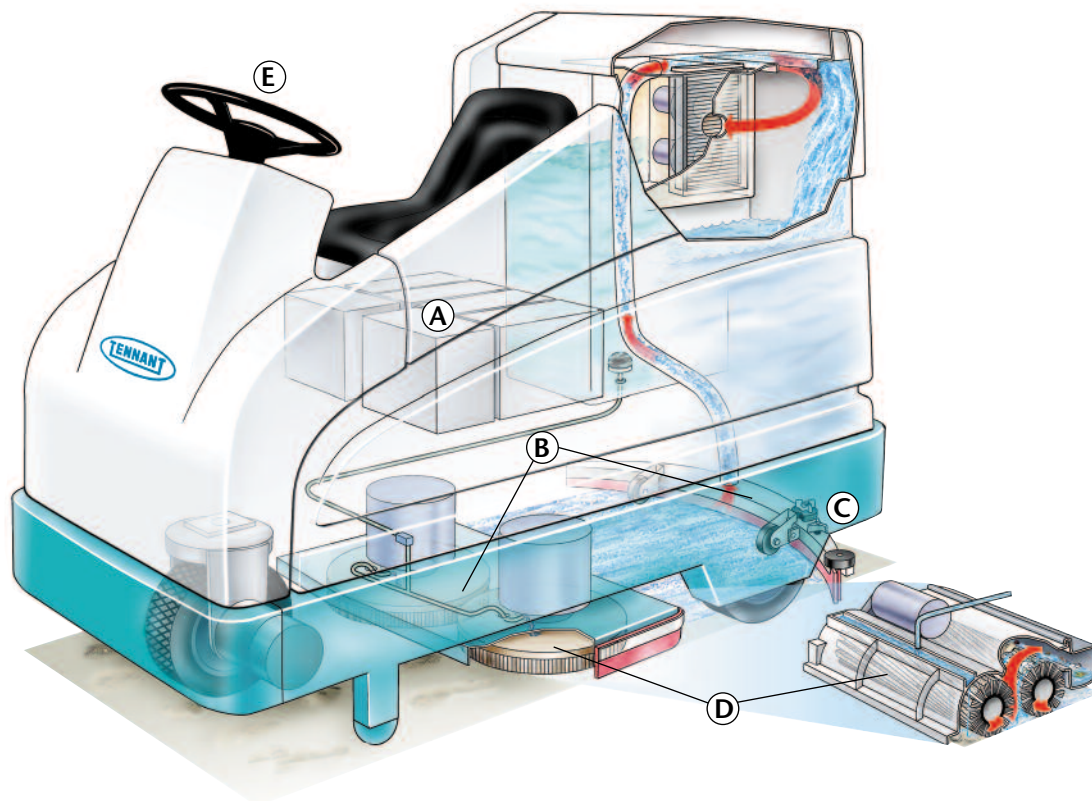

FaST FLOORS ARE SAFER FLOORS

FaST is the only automatic scrubbing system certified to increase floor traction up to 21% by the National Floor Safety Institute, reducing the risk of slip-and-fall.

FaST foam cleans so well, it uses 70% less solution to remove existing soil, as well as old, slippery detergent residue resulting in clean, higher-traction floors.

With the self-contained FaST-PAK™, operators are safer, never handling chemicals.

FaST foam uses up to 70% less water and 90% less detergent – conserving water, reducing waste disposal, and making FaST the safest environmental choice.

A

Increase productivity and extend run time with large-capacity batteries housed in an easy-to-access compartment.

B

Reduce maintenance and maximize cleaning time with quick, easy, no-tool brush and squeegee adjustments.

C

Exceptional pick-up of virtually all water and residue from an equal-traction parabolic squeegee.

D

Customize to meet specific cleaning needs with a choice of cylindrical or disc brushes and a wide variety of accessories.

E

Reduce training and maximize productivity with hydraulic power steering and one-button, easy-to-operate power control panel.

GENUINE TENNANT PARTS, SUPPLIES & SERVICE

Foam-based FaST:

the Key to Peak Productivity and Safety

Using innovative foam-based detergent, scrubbers with FaST increase productivity, eliminate the need for operators to handle chemicals, and leave just-cleaned floors immediately dry and safe for traffic.

Genuine Tennant Parts Advantage

Operate your machine with confidence by choosing genuine Tennant parts. Only authentic Tennant parts are engineered in conjunction with Tennant equipment. For years of worry-free operation, accept only genuine parts and supplies.

Industry's Only Factory-Direct Service Network

Tennant offers the only factory-trained, locally based network of 400+ service techs dedicated to keeping your cleaning program up and running.

WARRANTY

All parts (excluding batteries) have a 36 month operation warranty under normal use and service. On-site service labor coverage of warranty items for 24 months plus six (6) months travel coverage. (See your sales representative for details).

FaST is the first and only automatic cleaning system certified by the NFSI to dramatically improve overall floor traction by up to 21%.

7200 BATTERY-POWERED RIDING SCRUBBER

FEATURES

Scrubbing System

Cleaning path	36-inch	910 mm
Edge scrub reach	2-inch	51 mm
Solution tank	35 gallon	132 liter
Disc scrub head		
Speed	320 rpm	320 rpm
Down pressure weight (variable to)	200 lb	91 kg
Brush diameter (2)	18-inch	460 mm
Brush motor (2)	0.75 hp	0.56 kW
Cylindrical scrub head		
Speed	750 rpm	750 rpm
Down pressure weight (variable to)	90 lb	40 kg
Brush diameter (2)	6-inch	155 mm
Brush motor (2)	0.75 hp	0.55 kW

Recovery System

Recovery tank	35 gallon	132 liter
Demisting chamber	20 gallon	76 liter
Vacuum fan speed	14,000 rpm	14,000 rpm
Vacuum water lift	70-inch	1780 mm
Vacuum fans (2)	0.8 hp	0.6 kW

Propelling System

Propel speed forward (variable to)	6.0 mph	9.7 km/h
Propel speed reverse (variable to)	2.5 mph	4.0 km/h
Propel motor	1.5 hp	1.1 kW
Gradeability		
Transport at gross weight	8 deg/14.1%	8 deg/14.1%
Working (scrubbing)	4 deg/7%	4 deg/7%

Machine Dimensions

Length	72-inch	1830 mm
Width	40.25-inch	1020 mm
Rear squeegee	45.5-inch	1160 mm
Height	53.5-inch	1360 mm
With overhead guard	80inch	2030 mm
Weight	1105 lb	501 kg
With standard 235 Ah battery	1505 lb	683 kg
Minimum aisle turn	82-inch	2080 mm

SEEING IS BELIEVING

See for yourself how the 7200 rider scrubber delivers clean, safe floors in your most challenging environments. For a demonstration or additional information, call **800.553.8033**.
